

## Twisted Gum

### ***NEWSLETTER – SPRING 2018***

In the spring of 2008 we said hello to a little bundle of fluff and energy who we named “Gus”. Since that day Gus has quickly become an important part of the Coelli family and has been a great mate to all who have visited Twisted Gum Wines! He is always very busy – he loves to greet people in the carpark at the cellar door, where he insists on receiving a pat from everybody and then escorts the visitors to the front door where he sings a sweet song to tell Michelle and I that he has brought us some visitors for a wine tasting! ☺ Gus also loves greeting guests who stay in Twisted Gum Cottage. He dances excitedly around the car barking and smiling when visitors arrive at the cottage. He then assigns himself as official guide for the weekend. He loves taking guests for guided walks to nearby Flat Rock where you can scramble over the many rock formations or just enjoy the stunning views. Gus also loves sitting on the deck with cottage guests while they crank the BBQ or share a quiet cheese and wine platter as the sun sets. We rarely get to see Gus at all when guests are in the cottage – we are clearly second best. ☺

## Granite Belt Sunset

The Granite Belt is such a beautiful place to live. Here is a recent photo that Michelle took of a sunset behind our house with our Shiraz vineyard in the foreground. We get some amazing sunsets in the Granite Belt. Sometimes it is important to just sit and admire the beauty that is all around us. The crisp mountain air, the stunning collections of granite boulders, the lush green vineyards, the gnarly twisted gum trees and so much more. Modern life is so busy that we can often spend days walking around worrying about this and that without stopping for a few minutes to “smell the roses” as the saying goes. ☺
